# Introduction

Al-Faisal College - Campbelltown is an independent co-educational school which currently caters for students from Kindergarten to Year 12. In 2013, the School Board acquired Iqra Grammar College which now operates as Al-Faisal College - Campbelltown.

The College is managed by a School Board of Directors. The school aims to provide secular and religious education in an Islamic environment. It also aims to develop each child intellectually, physically, emotionally, socially, morally, aesthetically, spiritually and vocationally so that students are happy, productive and successful citizens of Australia.

Since 2015, the school has operated as one of three Al-Faisal College campuses. In 2016, the three campuses began to operate and function as systemic schools.

The College at Campbelltown has recorded a significant increase in students' enrolment rising from 6 students in 2006 (Iqra Grammar College) to 619 in 2017. The problem the College faces is not recruiting students but in selecting them from the large numbers who wish to enrol at the school. The majority of the students are from low socio-economic backgrounds and so it is a credit to the school to see these students excel in their school work and contribute positively to the Australian society.

Al-Faisal College - Campbelltown has seen significant growth and improvement over the past few years. Since 2013, the school has recorded results well above the national average in the Primary school in many areas tested in NAPLAN. A great deal of resources and effort is being expended to raise the standard and the College is confident that significant gains will continue to be made in the coming years.

The College has employed specialist curriculum coordinators and introduced Multilit/Minilit Intervention Programs into the school to enhance literacy development skills amongst students with learning difficulties. This coupled with the support of paraprofessionals within mainstream classrooms has assisted in the development of higher levels of proficiency in the students' first language as well as in their second language acquisition.

The on-going improvement of teacher quality is a feature of paramount importance at the College. All staff at the College are involved in a continuous cycle of learning through high levels of access to professional development opportunities. Participation in workshops and in-service courses increases opportunities for teachers to gain knowledge and effective skills in order to interact with one another and with external consultants. The gains in knowledge and actions will inevitably lead to improved academic performance within classrooms.

Students at the College participate actively in co-curricular activities. Field trips and excursions are integral parts of the teaching program of the school. The students enjoy participating in weekly sporting activities, accessing both onsite and off-site facilities and regularly engaging in sport gala days with other schools.

The College meets the requirements of all relevant federal and state legislation.

The school board has plans to make Al-Faisal College – Campbelltown a model school. The school is well positioned in achieving this goal.

# *Student Representative Council*

Al-Faisal College–Campbelltown encourages the various attributes of leadership and believes that when students combine their efforts, their talents, their insights, their enthusiasm and their inspiration to work together, leaders of tomorrow are formed.

Al-Faisal College - Campbelltown acknowledges the importance of leadership within the student body. The Student Representative Council (SRC) provides an avenue for students to express views and provides opportunities for students to take on leadership roles and gain a sense of achievement.

## **Leaders in the Primary School:**

Leadership qualities are recognised and encouraged right from Kindergarten.

Class captains: Two students from Kindergarten to Year 6 are selected per term to represent their class. The selection may be based on social, academic or behavioural leadership to encourage positivity to the learning processes. These captains carry out various class-based responsibilities.

The captains are changed every term to ensure that more students can undertake responsible positions. The students are presented with merit awards to acknowledge the selection.

## **Student Representative Council:**

The Prefects and School Captains are chosen democratically through an election process wherein all the primary students vote.

The candidates go through the election process at the end of Year 5. They present portfolios for the first selection stage, wherein they include their achievements in the past 6 years of schooling, a personal profile and examples of how they have displayed leadership over the years. The portfolios are analysed by a panel of teachers and deputy principal. The selected candidates then present speeches outlining their goals and also campaign for themselves. The rest of the student body votes for their chosen candidate. Eight girls and eight boys were elected as Prefects in 2018. Two students with most votes are then chosen as School Captains. School Captains must also show leadership qualities and be role models for other students.

The SRC members in 2018 undertook many responsibilities in many different aspects of their schooling. In this initiative, students were able to develop and participate in a range of school-wide projects, attended self-development and leadership workshops and represented their school in a number of events.

## Reporting Area 2: School Context

## Reporting Area 3: Student Performance and National and Statewide Tests and Examinations

### *Introduction*

Al-Faisal College has participated in various state-wide tests and examinations throughout 2018. The testing has been introduced by the Federal Government so that parents will have an indication on how their child is performing nationally, in these important areas of education, in relation to students at the same stage of schooling.

Al-Faisal College enjoyed a great deal of success in the 2018 NAPLAN exams which further improved on the already high standard established in previous years. In most areas we exceeded the national average with these results supported by the College's proactive intervention strategies targeting literacy and reading through our Minilit/Multilit, Corrective Reading and after school supplementary programs.

An analysis of these results assists College planning and is used to support teaching and learning programs as well as monitoring literacy and numeracy development over time.

In 2018, our students also sat for the Higher School Certificate (HSC). The cohort of HSC students recorded impressive results with 93% of students being offered admission into a university undergraduate degree.

### *1. NAPLAN*

Years 3, 5, 7 and 9 participated in the National Assessment Program – Literacy and Numeracy (NAPLAN). The testing was introduced by the Federal Government in 2008 so that parents will have an indication of how their child is performing nationally, in these important areas of education, in relation to students at the

same stage of schooling across Australia. An analysis of these results assists school planning and is used to support teaching and learning programs.

Results obtained from NAPLAN exams provide the College with a wealth of data showing the percentages of students who achieved particular skill bands in numeracy as well as the components of literacy. Literacy is reported in four content strands (components): Reading, Writing, Spelling and Grammar and Punctuation. Numeracy is reported as a single content strand.

The results are reported against achievement bands with 6 bands assigned to each year level:

Band 1 - Band 6 for Year 3

Band 3 - Band 8 for Year 5

Band 4 - Band 9 for Year 7

Band 5 - Band 10 for Year 9

The individual student report shows a comparison of the student's result to the national average for the year. The lowest band indicates a student is achieving below the national minimum standard and the second lowest band indicates the student is achieving at the national minimum standard.

The performance of Al-Faisal College's students indicates outstanding results in many areas of both literacy and numeracy across the 2018 NAPLAN years.

Further information regarding school performance in NAPLAN against State and National trends is available from the school administration office. Additional information can also be accessed from the MySchool website (<http://www.myschool.edu.au/>). The school results shown are compared to students nationally.

# Reporting Area 4: Senior Secondary Outcomes

## *Professional Learning*

In 2018, Al-Faisal College - Campbelltown provided all teaching staff with a range of opportunities to undertake relevant, quality Professional Learning to support their growth and development.

# Reporting Area 11: Initiatives Promoting Respect and Responsibility

In 2018, the school executive further developed the school wide **Positive Behaviour Interventions and Support (PBIS)** programme with the purpose of building a culture of respect, responsibility and achievement within a safe school environment. Emphasis was placed on the prevention of problem behaviour through the development of social skills and the use of data based problem solving for addressing existing behaviour concerns. The PBIS program focused on 5 key values: **Respect, Ownership, Achievement, Resilience and Safety (ROARS)**.

Interventions and strategies were developed to teach and reinforce key values:

- Weekly direct instruction of specific positive student behaviours that demonstrate Respect, Ownership, Achievement, Resilience and Safety in all locations within the school.
- Wide range posters that communicate the school's expectations for classroom and non-classroom settings are prominently displayed.
- Positive teacher reinforcement to students demonstrating commendable behaviour, especially the specific expectations identified and taught in classroom settings.
- Reward tokens issued by all teachers to students demonstrating positive behaviours
- Prevention of problems by modifying situations which are associated with problem behaviour.
- Predictable consequences for misbehaviour that are delivered consistently by all staff in a predictable manner.
- PBIS activities are embedded into existing school practices such as professional development, staff meetings, parent newsletters, student diaries and welfare practices.
- In parallel with the development of the PBIS programme the following initiatives were undertaken to promote respect and responsibility within the school community:

## *“You can sit with me”:*

The School counsellor started the initiative of “You can Sit with Me” wherein allocated responsible students and SRC members wore wristbands that say “you can sit with me”. This gave an indication to students without friends to recognise friendly students who would sit with them and help them in making friends.

## *Harmony Day:*

As a part of the annual tradition, students visited the Pembroke Lodge Nursing Home on Harmony Day. As a sign of respect for the elderly, the students from Year 2 and class captains of all classes presented the residents with cards and flowers and sang for them. The residents also presented the students with a beautiful hand-made poster as a thank you.

The students wore multicultural dresses or orange clothes (signifying harmony) on the day to show respect and tolerance for all cultures. They enjoyed slices of oranges and carrot sticks to commemorate the day. The students also displayed their commitment to Harmony through a special assembly which was well-attended by the parents. The parents participated in a display of their traditional dresses and spoke a few words about what harmony means to them.

## *Together for Humanity:*

Multiculturalism was promoted to Year5 -Year 12 students via seminars held by the Together for Humanity group that put forth the message unity in diversity. The students were exposed to the fundamentals of Christianity, Judaism, Hinduism and Islam. The teachers were also professionally developed in these concepts through links with the curriculum outcomes. The workshops focused on the following:

## *Celebrations of Our Diverse Communities:*

This workshop engaged students in exploring common and diverse celebrations of significance in Australia and the world. Muslim, Jewish and Christian presenters shared stories of their own celebrations and challenged assumptions.

## *Our Diverse and Connected People and Places:*

In this workshop, students heard stories relating to how migrants have contributed to Australian society. Presenters led students on an exploration of similarities, differences and relationships between people, places, cultures, customs and beliefs, perceptions and the importance of intercultural understanding. # Reporting Area 12: Parent, Student and Teacher Satisfaction

## *Teacher, Student and Parent Satisfaction*

The opinions and ideas of parents, students and teachers are valued and sought. Their suggestions are incorporated into planning for and achieving improved outcomes for students. Surveys were collected across all three Al-Faisal College schools and analysed (see results below).

The College organised a number of student forums in order for students to provide feedback to the College on the level of student satisfaction and requests for additional facilities or provision of additional cocurricular activities. It is the school's position that engagement is an important outcome of schooling. Active student participation within the school and engagement in its grade, whole school and extra-curricular activities allows students to more easily identify themselves with the school, foster a sense of belonging that can help to promote a feeling of self-worth and assist students to become resilient learners.

As has been the case over the past few years, staff surveys have revealed a high degree of satisfaction by members of staff and the College enjoys a relatively low level of staff turnover retrospective of the large number of staff employed at the school.
